

Quarterly bulletin of the activities of the Community for Human Development in the World

03/05/2022

Hello Friends, we want to tell you, through this new illustrated account of the activities of the various groups of The Community over the last few months, that this is not only a world of disorientation, arbitrariness and violence, but also a world of many people who seek in themselves and in others the coherence and faith to move forward and build a '**new sensibility**' on the way.

Non-Violence course

for high schools held in 4 classes for a total of 80 students who will continue the training next year

"La non violenza comincia da me"

"I have a dream..."

Martin Luther King, Jr.

"Occhio per occhio" tutto il mondo diventa cieco" M. Gandhi

In tempi difficili come quelli che viviamo parlare ai giovani di figure come Martin Luther King e Gandhi è di chi anche qui in Italia, con le stesse metodologie, ha ottenuto risultati eccellenti, è di fondamentale importanza. Allo stesso modo dare semplici strumenti per gestire la propria aggressività e far fronte a quella degli altri, comprendere le ragioni dell'Altro ed imparare l'autocontrollo ed il dialogo, può fare la differenza nelle scelte di vita di un ragazzo. Fortemente a partire dal giorno 7 febbraio avrà inizio presso l'I.T. "L. Amabile" di Avellino il Corso "La non violenza comincia da me" a cura dell'Associazione

1. La storia della non violenza nel mondo
2. I nonviolenti italiani
3. Comincio da me: elaborare risposte nonviolente partendo dall'ascolto di sé
4. Ricominciarsi con il nemico

Ispirato dalle parole di Danilo Dolci "ciascuno cresce solo se sognato" l'obiettivo del corso è inoltre quello di dar vita, anno dopo anno, ad un team di allievi che, oggi solo partecipanti, diventi successivamente tutor dei compagni più giovani, svolgendo "peer-to-peer" un'azione di aiuto e sostegno.
