Podcast REPORTING ON NEIGHBOURHOOD VIEWS

<https://entrevectosdetuan.org/proyectos/podcast-entrevectos-de-tetuan/reportando/>

In this new chapter we talked about **PERSONAL COMMUNICATION**, for which we went out on the street to conduct interviews and make contact with people. The experience was very interesting because meeting different people always brings new approaches and points of view that allow us to grow and deepen our understanding of communication as a truly revolutionary tool..
